Sherbourne United Methodist Church

Bermuda Magisterial District  
2619 Sherbourne Road

REQUEST: Renewal of Conditional Use (Case 03SN0330) to permit a medical clinic in a Residential (R-7) District.

PROPOSED LAND USE:

Continued operation of a medical clinic within a church structure is planned.

PLANNING COMMISSION RECOMMENDATION

RECOMMEND APPROVAL SUBJECT TO THE CONDITIONS ON PAGE 2.

STAFF RECOMMENDATION

Recommend approval for the following reasons:

- A. While the use does not conform to the Jefferson Davis Corridor Plan which suggests the property is appropriate for residential use of 2.51 to 4.0 units per acre, the use has operated for several years with no apparent adverse impact on the area.
- B. The recommended conditions further address any possible impacts the use may have on the area.

(NOTE: CONDITIONS MAY BE IMPOSED OR THE PROPERTY OWNER MAY PROFFER OTHER CONDITIONS. THE CONDITIONS NOTED WITH "STAFF/CPC" WERE AGREED UPON BY BOTH STAFF AND THE COMMISSION. CONDITIONS WITH ONLY A "STAFF"

ARE RECOMMENDED SOLELY BY STAFF. CONDITIONS WITH ONLY A "CPC" ARE ADDITIONAL CONDITIONS RECOMMENDED BY THE PLANNING COMMISSION.)

This request will have no impact on these facilities.

PUBLIC FACILITIES

Fire Service:

The Bensley Fire/Rescue Station, Company Number 3, currently provides fire protection and emergency medical service (EMS). This request will have minimal impact on fire and EMS service.

Transportation:

The property (1.0 acre) is zoned Residential (R-7) and a church (Sherbourne Methodist Church) with a medical clinic has been developed on the property. The applicant is requesting renewal of a Conditional Use to permit continued operation of a medical clinic in the basement of the existing church. Traffic generated by this use will be distributed, via Sherbourne Road, to Jefferson Davis Highway (Route 1/301), which had a 2003 traffic count of 26,422 average daily trips.

Parts of Sherbourne Road in the vicinity of the property and Route 1/301 are within the Jefferson Davis Highway Enterprise Zone. Based on the Board of Supervisors' policy regarding development within the Enterprise Zone, road improvements will not be required by the County.

### LAND USE

#### Comprehensive Plan:

Lies within the boundaries of the Jefferson Davis Corridor Plan which suggests the property is appropriate for residential use of 2.51 to 4.0 dwelling units per acre.

#### Area Development Trends:

Adjacent properties to the east and a portion of adjacent properties to the north are zoned for commercial uses and have been developed for such uses or remain vacant. Remaining adjacent property to the north, as well as adjacent property to the south and west is zoned and developed for residential uses or is vacant. It is anticipated that area properties will eventually be developed for community commercial uses east of the subject property, along the Jefferson Davis Highway frontage. The Plan anticipates remaining area properties to continue to develop for residential uses.

#### Zoning History and Use:

A church is located on the property. Within the basement of the church, a medical clinic providing medical services to the needy has operated with an approved Conditional Use permit since April 28, 2004. Conditions 1 through 7 are intended to minimize the impact the medical clinic may have on area residential development. With the exception of a time period for the Conditional Use, these are the same conditions that were imposed on the original permit. These conditions allow the use so long as a church operates on the site and only within the basement of the church. The conditions do not allow a freestanding medical clinic on the property. In addition, the conditions address days and hours the use may be open to the public; storage of controlled substances; location and screening of solid waste storage areas; loitering; and patron access for the medical clinic. Staff has not recommended a time period on the pending Conditional Use since it appears that the use has operated with no apparent adverse impact on the area.

### CONCLUSIONS

While the use does not conform to the Jefferson Davis Corridor Plan which suggests the property is appropriate for residential use of 2.51 to 4.0 units per acre, the location within a church structure and on the fringe of the suggested residential area with the recommended conditions minimizes the impact on area residential development. In addition, the use has operated under an approved Conditional Use since April 28, 2004 with no apparent adverse impact on the area.

Given these considerations, approval of this request is recommended.
